Art Unit: 3712

Claim 14 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is not permissible to use trademarks in claims, because the manufacturer may change the nature of the product without changing the name, thus changing the scope of the claim.

\* \* \* \* \*

The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the positioning actuator which is a cam or solenoid (claim 4), and the control system which is able to position the pinch plate (claims 8, 11, 12), must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

Art Unit: 3712

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 4, & 7 are rejected under 35 U.S.C. 102(b) as being anticipated by Van Ross 5,826,568.

Van Ross shows a pitching machine including a pinch plate 34, and a positioning actuator support leg 38 to adjust the position of the pinch plate. There is also a control system 24, 26.

Claims 17-20 are allowed.

Claims 2, 3, 5, 6, 8-13, 15, & 16 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 14 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
